

Read My CV - design / project plan

Mission

There are sites for [companies and recruiters](#), there are plenty of job offer/seek sites, but nobody cares with job seekers.

This project helps to job seekers in their administration tasks:

- keep the CV data up-to date,
- export CV, even customized one for each application,
- tracking of applications.

The CV

CVML format

The CV data is stored in CVML format.

```
[name #en] Ernő Zalka  
[name #hu] Zalka Ernő  
  
[title #simple] software developer  
[title #frontend] frontend developer  
[title #backend] backend developer  
[title #fullstack] full-stack developer
```

- Mandatory sections must be included in the result PDF.
- Optional sections can be omitted from the result PDF.
- Sections may have variations. Only one variation may be included in the result PDF.
